Aluminum Material :  
Almost the products we are supplying are aluminum made or mixed.

R&D :  
Engaged in the aluminum business over a decade, we are capable of assisting the product design or redesign in order to run the mass production well. To make the aluminum products workable for you.

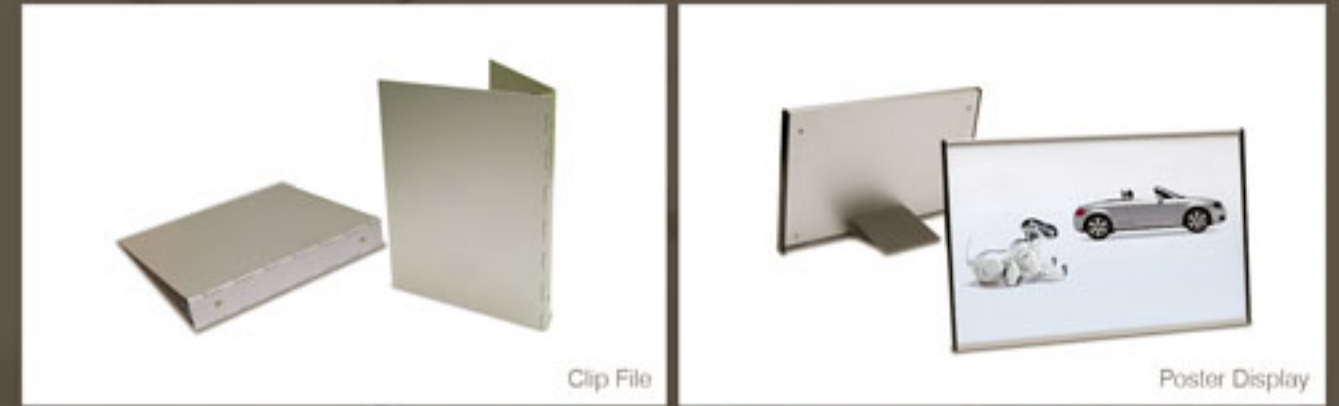

Manufacturing :  
After receiving the design confirmation, we are able to start the product manufacturing through our standard aluminum extrusion process.

Productionizing :  
Not only the aluminum parts supplying, we are offering the added services for client to work out a finished products ready for sale.
